This letter has ahead for more than he has paid for the getting his ^{father's} name for a Hospital wh. is not named ~~entirely~~ by him. Govt have not made any promise to consult him further. The only promise is to allow 5,00 Rs out of the endowment for Maternity ward. Since his wishes may be listened to, but they are not binding on Govt except to the above extent. This may be made clear to S.S. & he could direct the Estimates have to be countersigned & sent & whether they include estimate of not less than 5,000 for Maternity ward

SIR

With reference to correspondence ending with your letter No. 8054/Med. dated the 3rd February 1927, regarding the construction of the building for the Maternity Hospital at Chickmagalur, I have the honour to inform you that detailed plan and estimate for the work, the latter amounting to Rs 25,730 duly countersigned by the donor, have been received from the Superintending Engineer. These plans are however not in accordance with the instructions given to the Architect by the Dewan. So fresh plans and estimates are now being prepared in the Architectural Section. They will be forwarded in due course to the Senior Surgeon for transmission to you for sanction.

I have the honour to be,

Sir,

Your most obedient servant,

John Bhoore 12.2.27

Chief Engineer of Mysore.

RE: THE MATERNITY AT CHICKMAGALUR.

Mr. Nagappa Chetty has paid a sum of Rs25,000 to be used for affording medical aid to women on the following conditions:-

That the building now used as Lady Assistant Surgeon's quarters to be fitted up as a Women's Hospital at Government cost and that Rs20,000 (out of the total donation of Rs25,000) may be reserved as an endowment fund for the maintenance of the Hospital, the balance of Rs5,000 only being utilised on the construction of a Maternity Ward-

Government have accepted the above offer vide G.O. No.984-7/Med.119-25-12 dated 31st July 1926 and have called for proposals for constructing the Maternity Ward-

Plans and estimates for the proposed labour ward have been prepared costing Rs5,280 on the lines suggested by the Senior Surgeon who desires that certain improvement for the main building and also other buildings, such as, Septic Ward, a general ward, kitchen, Postmortem room, etc., are also essential for making the present building suitable for use as a Maternity Hospital-

The cost of these improvements and new buildings is estimated to amount about Rs13,000 in addition to the sum of Rs5,280 mentioned above-

Moreover, the Senior Surgeon is of opinion that this Institution even if improved at a cost of Rs18,000 and odd cannot be used as a Women's Hospital as desired by the Donor - Mr.Nagappa Chetty who it is learnt insists on provision being made for the admission of all women requiring medical aid including maternity cases-

228

36

An estimate amounting to Rs18,280 was prepared in this office and this with the plans was sent to the --- Senior Surgeon on 17th September 1926; and this officer has returned these plans with a letter from Mr. Nagappa Chetty who has laid down certain other conditions re "extra buildings to be acquired in the interests of ---- sanitation and extra space". Consequently, no action - can be taken re the construction of the Maternity ward - until a final decision is arrived at by the Senior ----- Surgeon re the exact nature of work to be done for the -- existing building or of the new buildings to be put up-

With reference to the correspondence ending with your letter No. C.2292-43 of 24-25, dated the 28th September 1926 in the matter of the construction of ^{the} Maternity ward at Chikmaglur, I am directed - to forward herewith a copy of D.O. letter No. R & B. 35, dated the 30th October -- 1926 from the Chief Engineer of Mysore, together with a copy of its enclosure on the same subject, and to state that Government have not made any promise to consult Mr. Nagappa Setty of Chikmaglur on every matter connected with the new Institution, but that the only promise held out to him was to the effect that out of his endowment, Rs. 5,000/- would be utilised for the construction of a Maternity

over

Ward in connection with the Hospital.....

I am accordingly to request you to -
be so good as to state whether estimates have been received back duly -- countersigned by ~~the donor~~ and whether the ^{they} same includes estimates, for not less than Rs. 5,000/-, for the Maternity Ward, referred to above.

2. I am to add however that the donor's wishes regarding the other improvements may also be taken into consideration in connection with the preparation of plans for all the necessary works, as far as possible.

3. The plans and estimates in this connection are long overdue, and may --- therefore be caused to be submitted for approval, very early, *in consultation with the Chief Engineer.*
I have, etc.,

Gen. Secy., to Government.

Enc

From

Dr. B. Mahomed Usmon, L.M.S.,
Senior Surgeon in Mysore, Bangalore.

The General Secretary to the Government of
His Highness the Maharaja of Mysore, Bangalore.

Sir,

With reference to your letter No. G. 6665-Med. 119-25,
dated 16th December 1926, I have the honour to state that the
Chief Engineer has been requested to return the plans and esti-
mates very early, after taking into consideration the wishes of
the donor "as far as possible" as desired in para 2 of your
letter No. G. 5143/Med. 119-25-17, dated 17th November 1926.
~~xxxxxx~~ They will be submitted to Government for sanction as
soon as they are received from the Chief Engineer.

I may add that, at the joint inspection of the building,
we found that it would do only for Maternity and Female Out-
patients, and it was on this point that Mr. Nagappasetty was
consulted, and the plans and estimates were drawn up and sent
to him for his approval as donor.

I have the honour to be,

Sir,

Your most obedient servant,

Mahomed

Senior Surgeon.

Enc.

From

Dr. B. Mahomed Usmon, L.M.S.,
Senior Surgeon in Mysore, Bangalore.

The Chief Secretary to the Government of
His Highness the Maharaja of Mysore, Bangalore.

Sir,

With reference to your letter No. R. 3795, dated 4th January 1927, calling for a note on the stage at which the question of shifting the female section of the Chickmgalur District Hospital to the old Female Dispensary building, as sanctioned in Government Order No. G. 984-7/Med.119-25-12, dated 31st July 1926, stands, I have the honour to state as follows:

2. From my personal knowledge as District Medical Officer, Kadur District, about the year 1905, I am able to say that the Female Dispensary at Chickmgalur was merely administering to the wants of female out-patients and admitting a few maternity cases in the available accommodation. The same arrangement continued till about the end of 1922 when the work was transferred to the District Hospital building.

3. The same work, viz., the dispensary for female out-patients and the maternity, has now to be retransferred to its old habitation, making necessary additions and improvements thereto so as to suit it for increased and more efficient work in those lines. In no maternity, is it usual to admit general *Surgical & gynecal* cases. If, after giving adequate attention to the out-patient and Maternity work of the proposed Maternity, the Lady Doctor, ^{as usual} ever she may be, has the courage and capacity to do gynecological operations, She is welcome to do so. This does not prevent such cases being admitted in the District Hospital where a senior Civil Surgeon will always be in charge who will be more competent than the Lady Assistant Surgeon to do ^{Such} ~~the~~ abdominal sections.

my 24

5229

4. As already reported to Government in the general department in my letter No.C.2292-51, dated 18th December 1926, plans and estimate to make the old dispensary buildings suitable for efficient work work, prepared in the Chief Engineer's Office. From letter No. 2580 dated 29th December 1926, received from the Superintending Engineer, Shimoga Circle, I find that that officer has requested the Chief Engineer to be furnished with the estimate prepared by Mr. S. H. Lakshminarasappa to enable him to compare the same with the one prepared by the Executive Engineer, Kadur Division. I am eagerly awaiting the receipt of the plans and estimates to submit them to Government as called for in their order dated 31st July 1926.

5. I regret that I was not able to submit my reply by the 9th instant, as I was on tour with the Dewan, in the Shimoga District.

I have the honour to be,

Sir,

Your most obedient servant,

W. M. M. M. M.

Senior Surgeon.

The previous paper on the subject
were sent to the Dewan's office in No 5157.
This maybe sent in continuation.

Note regarding the transfer of the - -
women's section of the District Hospital, -
Chickmagalur, to the old Female Dispensary
building at the place.

Under the scheme for the establishment
of combined hospitals for men and women - -
sanctioned in G.O. No. L.6652-61/Med.120-21
3, dated the 12th May 1922 the Female Dis-
pensary at Chickmagalur was shifted to the
District Hospital building at the place. --

One Mr. Nagappa Setty, Merchant and --
Coffee Planter, Chickmagalur, offered an --
endowment of Rs. 25,000/- for improving me-
dical aid ~~for~~ women there, subject to the --
following conditions:-

- (1) That the women's section be trans-
ferred from the District Hospital
building to its original place so
as to be independent of the lat-
ter;
- (2) That it should be named after his
father, Mr. Lachia Setty; and
- (3) That one of the Maternity Wards --
therein should be named after his
mother, Rukminiamma.

Mr. Nagappa Setty further agreed to --
pay a sum of Rs. 2,000/- towards the con- -
struction of a Hindustani Girls' School at
Chickmagalur.

B1

Mr. Nagappa Setty's endowment of - -
Rs. 25,000/- was accepted by Government on
the conditions proposed, with the gracious -
approval of His Highness the Maharaja, and -
the Senior Surgeon and the Chief Engineer -
were requested to make the necessary im- --
provements to the existing old Female - -
Dispensary building for locating the new --

46

institution therein, and to take such other steps as are necessary to shift the women's section of the hospital to the proposed premises, *immediately*.

Plans and estimates are under preparation in the Public Works Department for improving the old building to meet the present needs. These have not yet been received by Government and the Chief Engineer is being reminded to expedite their submission.

Medical File 119 of 25 serials 1 to 18 on the subject is placed below for reference and kind return.

Chickmagalur

1st February 1927. 45

Dear Sir,

Re: the hitch in the construction of the Woman's Hospital at Chickmagalur I beg to state that I am being asked orally again and again to countersign ~~XXXX~~ the Plans and Estimates exceeding the amount (Rs 5000/-) which Government have agreed to spend on buildings out of my endowment of Rs 25,000/- which I paid into the Government Treasury last year.

In the Plans shown to me are included the questions of extending the quarters for nurses borne on the staff of the General Hospital and extending the Compound of the Woman's Hospital. These proposals do not come from me and no portion of the endowment need be spent on these. I do not know why these questions are brought in that connection at all.

As the proposals above referred to and some others made by the Senior Surgeon involve expenditure far in excess of that which the Government have agreed to incur out of my endowment, I cannot countersign the Plans and Estimates as my doing so will mean that I am imposing new conditions which I am not obviously entitled to do. It is of course open to Government to spend any amount they like out of the general funds on this benevolent institution. All that I submit is that my consent may not be asked for this as it would mean my trying to dictate to Government on the strength of my endowment ^{to} ~~incur~~ expenditure exceeding Rs 5000/-.

In these circumstances I would request you to place the matter before the Dewan' Sahab and to assure him on my behalf that I shall be highly obliged to him if he will kindly pass the Plans and Estimates himself. It is needless to add that I shall loyally abide

by his decision.

I think the opposition that now exists in some quarters to the separation of the woman's branch from the men's branch of the ~~Gannak~~ General Hospital will disappear if the Dewan Sahib kindly consents to open the woman's hospital in the existing (old female dispensary) building during his forthcoming visit to -- Chickmaglur and at the same time lay the foundation stone of the Maternity ward.

Yours faithfully,

M. S. Ramachandra Rao, Esq, B.A.,

M. S. Ramachandra Rao

Private Secretary to the Dewan of Mysore,

No. C.2014-67
Enc. one

Admission to the
Dispensary in connection with

Dear Mr. Ranga Rao,

In reply to your D.O. letter No.G.7918/Med., dated the 28th January 1927, I write to inform you that it is true that there has been difficulty, in finding a Lady Sub Assistant Surgeon to be sent for opening the Female Dispensary at Mudigere. Miss. H. Saradamma, L.M.P., who was intended to be sent there, has failed to respond to my order. I shall, however, try and post some lady Sub Assistant Surgeon to open the Institution as soon as sanction is accorded to the scale of expenditure detailed in my letter No. C.2014-61, dated the 22nd December 1926, to be incurred on this institution.

As regards the Chickmagalur Female Dispensary, I may invite a kind reference to the correspondence ending with my letter No.C.2292-51, dated the 18th December 1926. I myself went to Chickmagalur with the Architectural Assistant to the Chief Engineer, and inspected the grounds and discussed the details of the requirements, when the donor was also present. Plans prepared accordingly by Mr. Lakshminarasappa were received by me on 21st September 1926 and were, as requested by the Chief Engineer, sent on to the donor for his approval. They were received back from the donor on 2nd October 1926 with his objection to three items, and were transmitted to the Chief Engineer the very day, for needful. This was reported to Government in my letter No.C.2292-47, dated the 9th November 1926, vide also my report to Government, dated the 18th December 1926, that I have been awaiting the receipt of the plans from the Chief Engineer. I might also mention that I saw the Superintending Engineer, Shimoga Circle, at Shimoga on the 27th December 1926, and finding that the plan, which was prepared by the Executive Engineer, Kadur Division, was a different one, I informed him that he might obtain and see the plan prepared according to the requirements by Mr. Lakshminarasappa. I enclose for your reference a copy

A

a copy of my letter to the Chief Secretary(dated the 17th January 1927) stating that I am still awaiting the receipt of the plan and estimates from the Public Works Authorities. It will thus be seen that whatever is possible for me to do has been done. I am again sending reminders both to Mr. Rangaiya and to the Chief Engineer for kindly expediting the plans and estimates.

Yours sincerely,

W. M. M. M.

Chikmagalur,
Dated, 17. February '27.

Dear Sir,

I beg to acknowledge the receipt of a copy of D. O. No.G.8579/Med. dated 11th February 1927 from the General Secretariat.

As you are fully aware I have placed Rs.25,000/- at the disposal of Government in order that there may be a fully equipped Hospital for women and children and a properly constructed Laternity Ward at Chikmagalur as women and children are not receiving that amount of attention which they are entitled to in the General Hospital. Gosha and high caste women do not go to the Hospital because they do not care to be treated by male doctors and treated like male patients.

It was to obviate such a state of things that I proposed and the Government accepted the proposal that the women's section of the General Hospital should be made an independent institution and be in charge of the already sanctioned Lady Medical Officer assisted by a Lady Sub Assistant Surgeon and a sufficient staff of female compounders and attendants.

As the Government are no doubt aware, the equipment in the General Hospital here is not only quite out of date but wholly inadequate to meet the demands of the men's section, let alone the women's section.

My object when I just donated the amount was that a sum of Rs.5,000/- be utilised for the construction of a Laternity Ward. In view however of the facts

M. K.

Recd
17.2.27
[Signature]

since brought to light. I have given my consent to the appropriation of a sum not exceeding Rs.15,000/- in all for the construction of buildings, including the Maternity section, the balance of the donation, viz., Rs.10,000/- should be invested and the interest utilized in fitting up and improving the Women's Hospital in an up-to-date manner so that the Hospital may improve without any more burden to Government. This object will be defeated if the whole donation is spent on buildings which were never contemplated when the donation was accepted. It was for instance never even suggested then that the General Hospital Nurses who are already housed better than other persons in their status of life should be given quarters out of my donation which was intended solely for the Women's Hospital.

If the whole amount is spent on Hospital Building there will be nothing left for the equipment and improvement and the institution will have to start with all the cost off and broken furniture and fittings which now mar the usefulness of the General Hospital.

Personally, I would prefer an institution with up-to-date fittings, equipment and staff rather than an imposing building with an ill equipment.

I leave everything to the Dewan Sahab who, I trust, will see his way to giving my views its due weight.

I would ask you to request the Dewan Sahab on my behalf to lay the foundation stone of the new building in his forthcoming visit to Chikmagalur and

hkh

S i r,

In continuation of my letter dated the 17th -
Feb: 1927, I beg to state that the Dewan Saheb at an in-
terview which he was kind enough to give me to day was ~~pi~~
pleased to discuss the details with me.

I am gratified to find that the Dewan has been -
pleased to get a new and improved plan made ~~under his~~
personal instructions costing over Rs. 25,000/- and have
the buildings constructed according to the revised plan.
He was also pleased to accept the arrangement by which a
sum of Rs. 20,000/- only out of my endowment is to be
utilized for the building, Government themselves bearing
the extra cost of the building according to the new plan
as well as the cost of up to date equipment and also the
cost of acquisition of the land which was formerly sanc-
tioned by Government. The balance of Rs. ~~5~~ 5000/- out
of my endowment is to be retained as permanent endowment,
the interest on which is to be utilised for affording the
additional comforts to patients.

I shall be much obliged if you will kindly convey
my thanks to the Dewan Saheb for the kindness with which
he so ~~p~~ readily complied with my wishes and my request to
lay the foundation stone of the building during his forth
coming tour in the District.

I shall be
